

Tape Tying Machine TTB1.0

Information

Secure bundling with adhesive tape. The TTB1.0 for fast bundling of asparagus, radish, leek, cut flowers, electric cables, injection moulded parts, metal parts and other products.

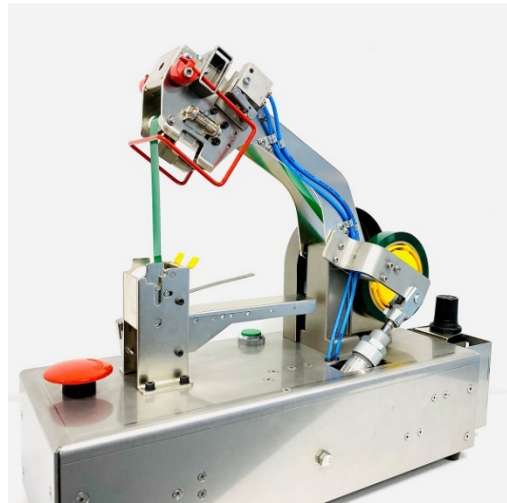

Speed
approx. 1 second per bundling

The table-top unit is very suitable for working with moist products, as the drive is operated exclusively by compressed air.

An adjustable height stop facilitates the alignment of the bundles.

Safety: Safety bracket integrated in the head.

The compact device is sent by us at a reasonable price by parcel service.
