

FRUIT NET

Information

Item # A708124

[Link to the Onlineshop: here](#)

Elastic fruit nets made of polyamide. UV-stable.

Mesh size: 1.5 cm. Colour: red. Material: polyamide. Elastic design. PU: 1,000 pieces per bag.

Effective and cost-effective design for packaging fruit, vegetables and similar products. Apples, pears, strawberries, blueberries, peaches, mandarins, cherries, nuts...

You do not need a machine, the fruit nets can be quickly and easily pulled by hand onto the tray!

Reduce the amount of film on the packaging, the fruit nets are the alternative to the flowpack.
